Present a joint skills update course on the introduction of the Eurocodes

# **EUROCODES TRAINING COURSE (Evenings)**

The Eurocodes become mandatory in March 2010 and the codes of practice that we are familiar with shall be withdrawn. ACEI and IStructE jointly present a series of evening courses commencing with an introduction to the Eurocodes on 23<sup>rd</sup> March 2010, followed by 8 nights of detailed overview of the incoming codes.

The course is aimed at practising Civil/Structural Consulting Engineers. The course content will cover the current code status, changes in the Design Approach, terminology, design parameters, the various National Annexes and worked examples

**The course shall be presented between 6.00pm and 8.00pm  
each evening at DIT Bolton Street**

Codes and Materials Covered include :

EC 0 (Basis of Design), EC 1 (Norms and Actions), EC2 (Concrete), EC3 (Steel), EC4 (Composite Construction), EC5 (Timber), EC6 (Masonry), EC7 (Geotechnical)
