

Association of Consulting
Engineers of Ireland
&
Institution of Structural Engineers
Republic of Ireland Branch

*The Institution
of Structural
Engineers*

Who Should Attend:

The Eurocodes become mandatory in March 2010 and the codes of practice that we are familiar with shall be withdrawn.

ACEI and IStructE jointly present a series of evening courses commencing with an introduction to the Eurocodes on 23rd March 2010, followed by 8 nights of detailed overview of the incoming codes.

The course is aimed at practising civil/structural Consulting Engineers. The course content will cover the current code status, changes in the Design Approach, terminology, design parameters, the various National Annexes and worked examples

A "Certificate of Attendance" will be issued jointly by ACEI/ISE to participants who meet the necessary requirements.

This course is an Engineers Ireland CPD accredited event.
